

Classic British Motorcycles

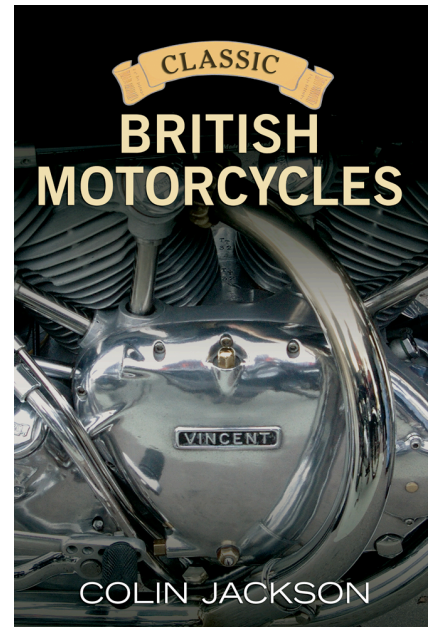

Wartime Underwater Operators

Colin Jackson

A gloriously illustrated and detailed book on classic British motorcycles revealed for the first time

Key Selling Points:

Until the 1960s, British makers ruled the roost such as Norton and Vincent. These were the companies whose bikes sold around the world, winning championships and setting speed records as they went. This is the story of those British machines and development, but it is also the story of the engineers, some trained, many self-taught, whose ideas underpinned the development.

Bibliographic Information

<i>Publication:</i>	May 2013
<i>ISBN:</i>	978-1-78155-086-1
<i>Price:</i>	UK £25.00 US \$39.95
<i>Format (mm):</i>	248 mm x 172 mm
<i>Binding:</i>	Hardback (dust jacket)
<i>Page extent:</i>	160 pages
<i>Illustrations:</i>	120 colour images
<i>Rights:</i>	World, all languages
<i>Bic Codes:</i>	tbc
